## **President Says...Hi Folks, I**

It is turning into a wet end of summer around my area. The yard needs mowed and it rains every time I can mow.

I want to thank everyone who has been supporting my medical journey. I'm finally getting my medical issues addressed. It will be a long road, but I have a great partner helping me through it all.

It looks like everyone had a good time at the Cheney's. It was great to hear the General go over the state of our military through the past conflicts the country was involved in. I'm glad he told us what is really going on the Ukraine war. The media and our government isn't telling us the whole story. He was a very interesting speaker.

Our next meeting will be in Danville at John Ellis's gravel pit. John is providing the meal, you might want to bring a comfortable chair and something to drink. We will be eating at noon, the meeting to follow (it should be a short one). We will do the trail ride after the meeting. I hope for good weather and cool temperature. I hope to see you at the trail ride.

Your President,  
***Alan Kisling***

## **V.P. Says...Hello OMP Members,**

### **ON R & R.**

## **Editor Says...Hi Everyone!**

We are now in the last half of the event season. Only a few more big events then it will be time to put the MV's in for the winter. Time sure is flying.

I have been following the Northwest Parks Convoy through members who have been gracious to update me and send pictures. Also, I've been watching Johnny Rossman's (OMP member from PA) videos on You Tube of each day's activities. Right now I've caught up as where they are at it is hard to find places to get internet to upload his videos. I've heard the best place was Walmart and they haven't seen as many of those out there that we have around here. From what I know we have 12 members, one prior member on this convoy. Pretty good since we live quite away from the convoy area. They all met at Mark Sigrist's place in Idaho. For those of you who didn't know Mark, he was an OMP member (from Idaho) but an important part of the convoy experience. He passed away August 2, 2020 but his spirit is alive in each convoy. Gunnar, his son, is on this convoy and I expect he is driving his dad's MV which always Mark and Gunnar used in the past. The convoy started at the Sigrist's place and will end there. They started August 14 and they expect to return to the Sigrist's place and disband August 27th. The drive will take them through Idaho, Washington state and Oregon. All beautiful country! To see some of the pictures that I have, check out the last page of this newsletter. I'll have more later too.

I'd like to ask if you send me pictures via text or email, please add your name where I can see it when it arrives. So much spam comes with just a phone number and I don't know everyone's phone numbers so if I don't know if it is legit, it may be deleted. Also, it is easier if you email photos to me as I have a heck of a time copying from a straight text message. Facebook's Messenger isn't a problem but straight text is next to impossible. Also, the phone number I have for me above is a landline so won't take texts. So, email, please if possible.

Our next meeting will be September 10th out in the woods/quarry at John Ellis's United Aggregate Plant 2, 16364 Millersburg Road, Danville, OH 43014. We have always been extremely lucky the weather has been fantastic. Here's hoping it will again be a beautiful day for the meeting and convoy through the woods. We will eat around noon with John providing the meal. Please bring your drink and your chair. Very short meeting afterwards.

Hope to see you there!  
***Ann Winegardner***

\*\*\*\*\*

**Last meeting's speaker** - We were glad to have with us Brigadier General Mark Scheid. Some of us got to talk with him before the meeting plus he had pictures in two binders that were very interesting.

He started off telling us that on Sept. 11th he decided to fly home to be with his wife on her birthday. That was the day of the terrorist attack on the pentagon and if he had stayed, the room they were working in took a direct hit with the nose of the plane.

He along with 2 other's wrote the war plan for Afghanistan. He told of a typical day and the stress that they were under to do this. 6 months later they briefed President Bush with their plan. Only 6 people knew of what was in this and secrecy was pivotal. These 3 people would be the prime suspects if anything leaked.

He then talked about the war in Ukraine and his thoughts on how the war was going and what maybe to expect. Ukraine has 32 other countries supporting them with supplies, arms, etc. He compared both armies and gave us his thoughts on the strategic plans both are using and who had the better plan.

Mark told of a group of Russian soldiers who were in the US back in 1985 and even though he said they didn't want to talk to them, they had to. One question was if they would invade the US. The Russian soldiers said no but not because of our military but because about every civilian had a gun or two in the homes. This makes a very good argument for our 2nd Amendment!

Mark also gave us this thoughts on the military in other countries. He said in his estimation the Indian military is the most up to date and strongest. Thank goodness thought they are one of our Allies! I think he said China was about 3rd.

It was very fascinating listening to him. If you get a chance to hear him speak, I'd encourage you to go listen to him. He puts it in a way you can really understand what is and has gone on in our military.

**MEMBER UPDATES** - JD Smith was at the last meeting and looked great. Hope this is the last of his surgeries!

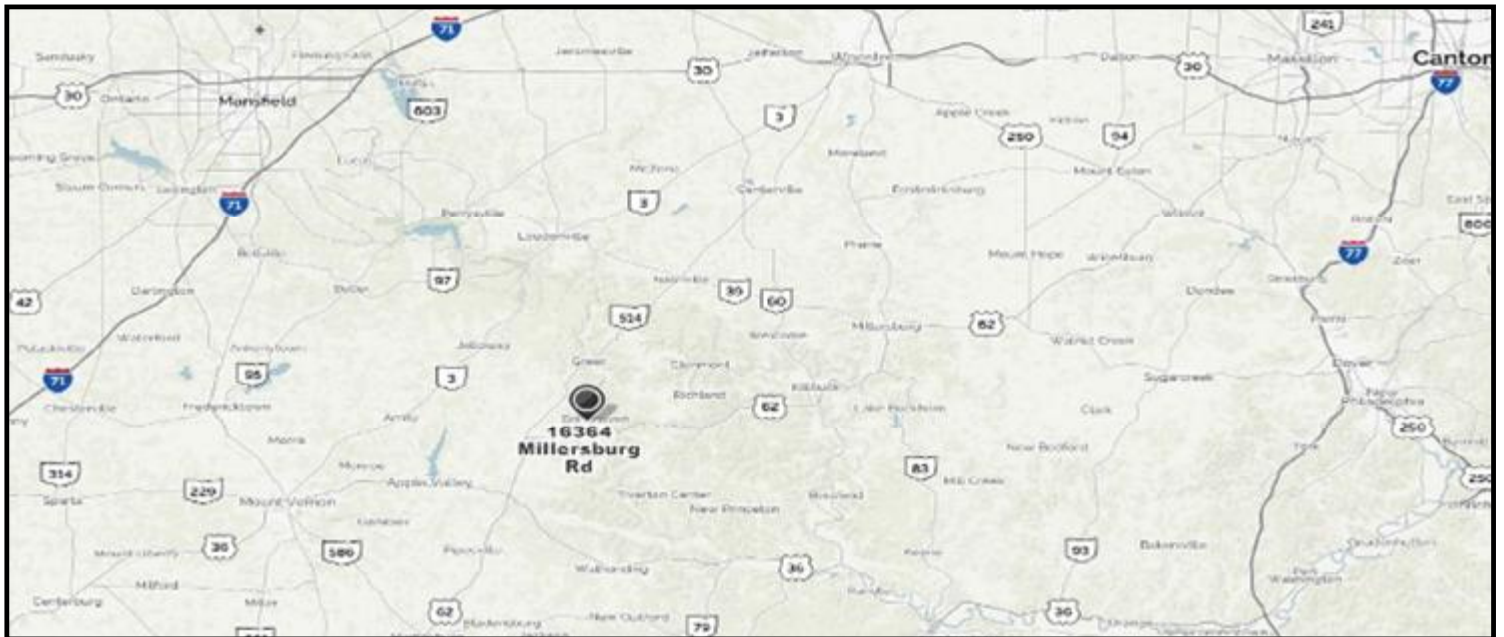

I didn't know of another award given to OMP members from the South Bend, IN convention until History in Motion magazine came out so - congratulations to **John Cheney Sr.** and **John Cheney II** this year's winner of the 2022 Oregon for Excellence award. This picture taken by John Adams-Graf shows Steve Greenberg of the MVCC of Oregon giving the award to the Cheney's. This award recognizes all the time and effort that they have put into the hobby and all the work John II has done over the years for the MVPA.

## Next meeting and ride in the woods!

Next meeting, Sept. 10th John Ellis hosting.

Location United Aggregate Plant 2, 16364 Millersburg Road, Danville, OH 43014. Rain or shine! Eat at noon, meeting afterwards. John is providing the whole meal so no potluck. Just bring your drinks, maybe a chair and be sure to bring a vehicle! If you have question, give Alan Kisling a call 419-566-4048

The last military PBYs served until the 1980s. As of 2021, 86 years after its first flight, the aircraft continues to fly as a waterbomber (or airtanker) in aerial firefighting operations in some parts of the world. None remain in military service. (Taken from Wikipedia)

While we were there a Coast Guard helicopter flew into the Erie-Ottawa International Airport next door to Liberty Aviation to fuel up.

The Northwest Parks Convoy (NWP'22) was postponed in 2020 due to Covid and has been rescheduled for August 14 to 27, 2022. The convoy will be traveling through Idaho, Washington and Oregon starting August 14, 2022 in Kamiah, Idaho with a round trip back to Kamiah, Idaho on August 27, 2022. OMP is proud to have members in this convoy and they have been keeping me updated with photos and info. One of our newer members, Johnny Rossman posts videos of their travels as they drive along. He posts when he can on YouTube. Rick & Molly Constien along with Connie Bailey also have sent pictures. I have had pictures and updates from Ann Adams who is driving her newly renovated bus. Also, those who I know are in the convoy along with Rick & Molly, Connie, Ann & Johnny are Kenny Adams, Roxy Majoulian, Diana Spittle, Art Pope, Henry (Pat) Underwood, Terry & Muriel Shelswell and a prior OMP member Alan Johnson who moved to Oregon. Safe Travels, Everyone!

Ann Adams & Kenny Adams getting ready to move out on their trip to Idaho. Photo by Ann Adams.

Rick Constien sent me this picture as they stopped at the Clearwater River Casino in Idaho. Impressive!

OK, I'm kind of cheating here but I asked Johnny Rossman if I could copy some pictures off his video's of the convoy and he was ok with it so here are a couple when they were driving in Idaho. Isn't it beautiful!

In this picture I can see Molly's bus and Kenny's rig. They are in the middle of the photo. Johnny always marks the routes and I believe this is the Lewis & Clark Trail. Soon they came to the Northern Idaho M.O.H. Highway, Lewis & Clark Trail, NEZ Perce Trail and the N. W. Passage Scenic ByWay which was down the road a ways. They must all meet then run together.
